PROTECTIVE CARRY CASE

RUGGED PROTECTION FOR PORTABLE GAS ANALYZER

This rugged protective carrying case extends the life of our portable gas analyzers in the most demanding and hazardous environments.

It is lined with a thick die cut foam providing complete protection to your portable analyzer during travel and storage periods. The die cut foam also has built in compartments for the quick disconnect fitting, the flexible tubing, Analyzer Guardian & Demister.

These compartments not only protect them, they keep all the necessary components together and organized.

CASE FITS
